

# My Little Girl

Jack Johnson

Hey, little girl  
You might not know this song  
This is not the kind of song that you can sing along to but  
Hey, little girl  
Maybe someday  
At least that's what all the good people will say  
Hey, little girl  
Look what you've done

You've gone and stole my heart and made it your own  
You stole my heart and made it your own

Hey, little girl  
Black and white and right and wrong  
Only live inside a song, I will sing to you  
You don't ever have to feel lonely  
You will never lose any tears  
You don't have to feel any sadness  
When you look back on the years  
How can I look you in the eyes?  
And tell you such big lies  
The best I can do is try to show you  
How to love with no fear  
My little girl

You've gone and stole my heart and made it your own  
You stole my heart and made it your own
