## Wrong Turn

Jack Johnson

And I'll wait here a while Just long enough to be sure That you didn't make a wrong turn And I'll wait long enough Maybe an hour or two Before I decide it wasn't me, it was you It wasn't me it was you And I would like you to know Although it seems sad to say This was only the worst hour of my day The worst hour of my day How long has it been on your mind? Do you think about it when we laugh? I think that it's a big mistake Because I think that we could make it last Even if it's just for a while And I'll wait here for now Just long enough to be sure That you really want to go through with this Because I don't really want to go through with this Do you really want to go through with this?
