

Surgery

Jack Off Jill

I can change I can cut it open
Look at me the way you did before
I can change
diagnose the symptom
buy the anecdote but not the cure

Hold me under
cut away this empty
Hold me under
change the way I feel about you

I can change
I'll correct the defect
repair the injury called you and me
I can change
I'll surrender to it
I can suffer with the best of them

Hold me under
cut away this empty
Hold me under
change the way I feel about you

I can't change
I'll replace the decay
make you second guess your everyday
I can't change
I'll survey the damage
Kill the narcissist with his reflection
until tomorrow

Hold me under
cut away this empty
Hold me under
change the way I feel about you

Hold me under
cut away this empty
Hold me under
change the way I feel about you

until tomorrow
