

## Amy, I

### Jack's Mannequin

Snow on the ground in Tennessee  
North came South at the tops of the trees  
Another long winter tryin to fight this freeze  
Waiting at the cold's got a hold on me  
Hold on me  
Hold onto me

Amy I  
I never felt this kind of cold before  
Amy I  
I may never feel this way again  
I never felt this kind of cold

So give me a cloud there's so much at stake  
Decided to walk, there was ice on the lake  
Though I never worry cause it never breaks  
Though I hear it cracking under my weight  
Another long winter tryin to fight this freeze  
Waiting at the cold's got a hold on me  
Hold on me  
So hold onto me

Amy, I  
I never felt this kind of cold before  
Amy, I  
May never feel this way again  
Feel this way again

Amy, I  
I can hear your bare feet on my bedroom floor  
But Amy I never felt this kind of cold  
Never felt this kind of hold onto me  
Never felt this kind of cold on me  
Never felt this amy I  
Never felt this amy

Amy, I  
I never felt this kind of cold before  
Amy I  
I may never feel this way again  
Feel this way again  
Amy I  
I hear your bare feet on my bedroom floor  
But your not here anymore  
Amy I never felt this kind of cold
