

Amy, I

Jack's Mannequin

Snow on the ground in Tennessee
North came South at the tops of the trees
Another long winter tryin to fight this freeze
Waiting at the cold's got a hold on me
Hold on me
Hold onto me

Amy I
I never felt this kind of cold before
Amy I
I may never feel this way again
I never felt this kind of cold

So give me a cloud there's so much at stake
Decided to walk, there was ice on the lake
Though I never worry cause it never breaks
Though I hear it cracking under my weight
Another long winter tryin to fight this freeze
Waiting at the cold's got a hold on me
Hold on me
So hold onto me

Amy, I
I never felt this kind of cold before
Amy, I
May never feel this way again
Feel this way again

Amy, I
I can hear your bare feet on my bedroom floor
But Amy I never felt this kind of cold
Never felt this kind of hold onto me
Never felt this kind of cold on me
Never felt this amy I
Never felt this amy

Amy, I
I never felt this kind of cold before
Amy I
I may never feel this way again
Feel this way again
Amy I
I hear your bare feet on my bedroom floor
But your not here anymore
Amy I never felt this kind of cold
