

# The Resolution

Jack's Mannequin

There's a lot that I don't know  
There's a lot that I'm still learning  
But I think I'm letting go  
To find my body is still burning  
And you hold me down  
And you got me living in the past  
Come on and pick me up  
Somebody clear the wreckage from the blast

And I'm alive  
And I don't need a witness  
To know that I survived  
I'm not looking for forgiveness  
I just need light  
I need light in the dark as I search for the resolution

And the bars are finally closed  
So I try living in the moment  
'Til the moment it just froze  
And I felt sick and so alone  
I can hear the sound  
Of your voice still ringing in my ear  
I'm going underground  
But you'll find me anywhere I fear

Yeah I'm alive  
And I don't need a witness  
To know that I survived  
I'm not looking for forgiveness  
I just need light  
I need light in the dark as I search for the resolution  
I need light in the dark as I search for the resolution

You hold me down  
You hold me down  
I'm alive  
And I don't need a witness  
To know that I survived  
I'm not looking for forgiveness

I'm alive  
And I don't need a witness  
To know that I survived  
I'm not looking for forgiveness  
I just need light  
I need light in the dark as I search for the resolution  
I need light in the dark as I search for the resolution  
I need light, I need light
