

I'm Shakin'

Jack White

I'm shakin' all over
I'm shakin' all over
I'm shakin' all over
Brings a feeling outside of me
Just the way you say goodnight to me
That's when I get the shivers all over me
When you're moving right up close to me

I'm shakin' all over
I'm shakin' all over
I'm shakin' all over
Oh shivers in my knee bone
I've got the shakes in my thighbone
Shivers down my backbone
Brings a feeling I'm inside of me
Just the way you say goodnight to me

Shakin' all over
Shivers in my kneebone
I got the shakes in my thighbone
Shivers down my backbone
There's a feeling on the side of me
Just the way you say goodnight to me

Shakin' all over
Shivers in my knee bone
I get the shakes in the thighbone
Shivers down my backbone
That's when I get the shivers all over me
When you move in right up close to me
