

# Power of My Love

Jack White

Oh shut it, break it, that's to let you know  
Knock it, burn it, I'll never let you go  
Cause every minute and every hour you'll be shaken  
By the strength and mighty power of my love  
Yeah, my love

Twist it, turn it, there you can't give in  
I know you can't lick it, I'll make you give in  
And every minute and every hour you'll be shaken  
By the strength and mighty power of my love

Baby I want you, you'll never get away  
My love will haunt you yes haunt you night and day  
Touch it, push it, drag it all around  
Lick it, burn it, I cannot tear it down  
Cause every minute and every hour you'll be shaken  
By the strength and mighty power of my love

Baby I want you, you'll never get away  
My love will haunt you yes haunt you night and day  
Trick it, lick it, you'll know what you do  
There's just no stoppin' the way I feel for you  
Cause every minute and every hour you'll be shaken  
By the strength and mighty power of my love  
Yeah, my love

Twist it, burn it, drag it all around  
I know you can't know that your love will tear me down  
Cause every minute and every hour you'll be shaken  
By the strength and mighty power of my love  
Yeah, my love

Well, every minute and every hour you'll be shaken  
By the strength and mighty power of my love

Every minute and every hour you'll be shaken  
By the strength and mighty power of my love
