

Forgive Me Love

Jackie Boyz

I can be complicated
But easy has been over rated
Been there, done that
Sweet words are nice for dating
But fighting is more entertaining
Been there and I love that yeah yeah
Because I've never been the type to run and do what's always right
But that don't mean that what we do is wrong
So girl I'm asking you

Hey
Give me that forgive me love
So I know that you just won't up and leave me love
So please don't turn away no, just forgive me love
When I act way too foolish, I'm so sorry love
So sorry, please forgive me love

If I'm caught misbehaving you know I just be playing
Baby that was my bad
We always said forever that means down for whatever
Baby we can make it last yeah
Oh oh
You know I've never been the type to run and do what's always right
But that don't mean that what we doing is wrong
So girl I'm asking you

Give me that forgive me love
So I know that you just won't up and leave me love
So please don't turn away no just forgive me love
When I act way too foolish, I'm so sorry love
So sorry, please forgive me love
Hey can you please forgive me love, darling
Oh oh oh oh

Girl we were meant to be together
And no matter what the weather
I won't leave ya, I won't leave ya no
Ooh ooh
Say and if you mean it from the heart
Then we will never ever part
It's just one thing that I need

Oh
Give me that forgive me love
So I know that you just won't up and leave me love
So please don't turn away no just forgive me love
When I act... foolish I'm so sorry love
I'm so sorry, please forgive me love...
Please forgive me love...
Please forgive me love
