

# Immortal

Jackie Boyz

Baby you and I,  
Our love will never die,  
It'll always stay alive.

Have you ever met a guy,  
Who came into your life.  
You know he was the mate to your soul.  
Connected from the jump,  
And pulled you out your slum,  
Became the other half to your whole.

Now let your spirit leave your body,  
It's more than physical,  
Heaven is a place we can go, can go.  
Let's share eternity,  
It's not impossible,  
If you have faith in our love.

Immortal!  
Baby you and I,  
Our love will never die,  
It'll always stay alive.  
Immortal!  
You'll never be a man,  
You'll never hurt again,  
I'll be here til the end.  
Immortal!  
A never-ending life,  
Cause time is on our side,  
Our love will never die.  
Immortal!  
For ever and ever and ever and ever and ever!

An eternal flame,  
It's burning in your name.  
The promises tattooed on the heart  
Like summer brings the rain,  
Forever will remain,  
They can never tear us apart.

Now let your spirit leave your body,  
It's more than physical,  
Heaven is a place we can go, can go.  
Let's share eternity,  
It's not impossible,  
If you have faith in our love.

Immortal!  
Baby you and I,

Immortal!  
You'll never be a man,  
You'll never hurt again,

Immortal!  
A never-ending life,

Cause time is on our side,  
Our love will never die.  
Immortal!  
For ever and ever and ever and ever and ever!

Infinite possibilities.  
It's definite,  
You were meant for me.  
So I'm offering to  
Spend my life with you.

Immortal!  
Baby you and I,  
Our love will never die,
