Invisible
Invisible

You know you're wasting you time
Asking him to be true
He never loved you the same way as I
Picking up the pieces your heart
Trying to start over again
You wanna find your way out
Girl, I'm here to till end

Here I'm right inside
Until the end of time
Not a day goes by
Without you on my mind
Baby, I wanna make it clear (clear)
Girl, I want you for me
Girl, you gotta know, gotta know

I feel invisible
I'm so alone
I can't go on
My love is gone
Now I feel invisible
Oh I can't believe
That you ain't here with me
That you ain't here with me
I'm so lost, lost, lost
I'm so lost, so lost
I feel invisible
Girl, it's you I need
So come back to me (me)
Oh (me)

Wanna see the smile on your face
When you look into my eyes
Like no one else exists
Baby, it's just you and I
Could you see things as I do
Would you try to
I know that you're still right here
But I keep calling

Calling out your name
Gonna hoping that you hear me
Not a night I slept
Ever since the day you left
Oh baby, I wanna make it clear
Girl, I want you for me
You gotta know, gotta know

I feel invisible
I'm so alone (oh)
I can't go on
My love is gone
Now I feel invisible (invisible)
Oh I can't believe

That you ain't here with me
That you ain't here with me
I'm so lost, so lost, lost
I'm so lost, so lost
I feel invisible
Girl, it's you I need
So come back to me
(I need you, baby)

I need you, come back to me
I'll promise, girl that I'll be true
(See I'll be true)
I'll never leave or please someone
(I'll never leave you, baby)
And girl you know I miss you so
(Girl, come back home)
I'll never let you go

I feel invisible
I'm so alone
(I'm so alone)
I can't go on (no)
My love is gone
(Love is gone)
Now I feel invisible
Oh I can't believe
That you ain't here with me
That you ain't here with me
I'm so lost, lost, so lost
I'm so lost, so (I'm still looking at you, baby) lost
I feel invisible
Girl, it's you I need
So come back to me
(You're the only girl I needed)

Invisible
I'm so alone
I can't go on
Love is gone
Now I feel invisible
Oh I can't believe
That you ain't here with me
That you ain't here with me
I'm so lost, lost
I'm so so lost
I feel invisible
Girl, it's you I need
(You I need)
Come back to me (me, me)
