Way-oh-way-oh-way-oh-way-oh
Way-oh-way-oh-way-oh-way-oh
Way-oh-way-oh-way-oh-way-oh
Way-oh-way-oh-way-oh-way-oh

You shine like a star to me
And my heart is wet just like the sea
So many eyes see your beauty
But I'm the only one
To feel your heart beat

Cause nobody, nobody, nobody
Love you like I love you, girl
Oh yeah, and I got you, I got you
When it gets dark in this lonely world

Whenever you're lost
I'm never too far away
Whenever you're lost
I got you right back to me

I'll be your lighthouse
Reach for me, girl
I'm never too far
I'll be your lighthouse
Oh ohh
Come find me girl
Way-oh way-oh-way-oh-way-oh
Way-oh-way-oh-way-oh-way-oh
Come find me girl
Way-oh-way-oh-way-oh-way-oh
Way-oh-way-oh-way-oh-way-oh

Do you hear the words I speak?
I'm sure you're wondering if they are unique
Don't think for a minute my souls not in it
I'll be the anchor when you call

Cause nobody, nobody, nobody
Love you like I love you, girl
Oh yeah, and I got you, I got you
When it gets dark in this lonely world

Whenever you're lost
I'm never too far away
Whenever you're lost
I got you right back to me

I'll be your lighthouse
Reach for me, girl
I'm never too far
I'll be your lighthouse
Oh ohh
Come find me girl
Way-oh-way-oh-way-oh-way-oh
Way-oh-way-oh-way-oh-way-oh
Come find me girl

Way-oh-way-oh-way-oh-way-oh
Way-oh-way-oh-way-oh-way-oh

Whenever you're lost
I'm never too far away
Whenever you're lost
I got you right back to me

I'll be your lighthouse
Reach for me, girl
I'm never too far
I'll be your lighthouse
Oh ohh
Come find me girl
Way-oh way-oh-way-oh-way-oh
Way-oh-way-oh-way-oh-way-oh
Come find me girl
Way-oh-way-oh-way-oh-way-oh
Way-oh-way-oh-way-oh-way-oh
Ohh yeah, come find me girl
