

# Nothing On But The Radio

Jackie Boyz

I walk into a tag room  
Would you stay in there  
You will waiting on me,  
Baby I can't tell  
The way you're moving your body,  
It's so unfair,  
All I wanna show you love right here,  
No I don't get.

See Yeahh, yeahh, I like this is going now.

She got nothing on but the radio,  
And that's why I want, I love you baby,  
When she's got nothing on but the radio,  
That's how I'll shake it on.

You know that's just the way I like it girl,  
Nothing knowing you but me,  
I take my time we can fall play,  
But if the let's get sexy.

Nothing nothing on now  
Making love with the same bee, I'll breath, I'll breath,  
Ohh yeah, yeah, yeah, yeah,  
So I Ohh yeah, yeah, yeah, yeah,  
I like it the way we do it now.

She got nothing on but the radio,  
And that's why I want to love you baby,  
When she's got nothing on but the radio,  
That's how I'll shake it on.

Uhh ohh, baby, take off your clothes,  
Uhh ohh, I will remember the radio,  
Uhh ohh, nothing but the radio,  
'Cause you know that turns me on.

She got nothing on, she got nothing on but the radio,  
You know that I like that girl, I love it  
See I want it, see I need it, (When she's got nothing on but th  
e radio)  
Need it ohhh, uhhh.
