

Walk Away

Jackie Boyz

You don't really gotta tell me he's gone
Cause I've been waiting here for so long
Now tell me baby, where you're going
And where we're gonna be yea baby
Can't stand seeing you like this
How could you be so heartless
Now I think it's time to make a change

(Ooh o ooh)

Said I'm never gonna change your ways
I guess I gotta walk away
Without you heree

I don't wanna be the one to turn my back so easily
I'm sorry but I'm walking away
But I really gotta do this now before this love gets the best of me
I'm sorry but I'm walking away
Walk away, walk away, walk away, walk away
Said I gotta go, said I gotta walk away-ay-ay
Walk away, walk away, walk away, walk away

You say you ain't going nowhere
When you're next to me you're really not here
Always blame, always make me feel ashamed
But you know it ain't the same thing now
Now all the pain you put me through
It's too much for me but nothing to you
You were my girl for me
Before I fall apart
(Oh ohh)

Said I'm never gonna change your ways
I guess I gotta walk away
Without you heree

I don't wanna be the one to turn my back so easily
I'm sorry but I'm walking away
But I really gotta do this now before this love gets the best of me
I'm sorry but I'm walking away
Walk away, walk away, walk away, walk away
Said I gotta go, said I gotta walk away-ay-ay
Walk away, walk away, walk away, walk away

When is love
Ain't gonna play no games
It's not the way it's suppose to be
No no no no oh oh
The way we touch
Though your body's close to me
I can feel your love walking away

I don't wanna be the one to turn my back so easily
I'm sorry but I'm walking away
But I really gotta do this now before this love gets the best of me
I'm sorry but I'm walking away
Walk away, walk away, walk away, walk away

Said I gotta go, said I gotta walk away-ay-ay
Walk away, walk away, walk away, walk away

I don't wanna be the one to turn my back so easily...
