When You Walk Into The Room

Jackie DeShannon

I can see a new expression on my face I can feel a strange sensation taking place I can hear the guitars playing lovely tunes Everytime that you walk in the room I close my eyes for a second and pretend It's me you want Meanwhile I try to act so nonchalant I see a summer night with a magic moon Everytime that you walk in the room Maybe it's a dream come true Standing right alongside of you Wish I could show you how much I care But I only have the nerve to stare I can feel that something pounding in my brain Just anytime someone speaks your name Trumpets sound and I hear thunder boom Everytime that you walk in the room Everytime that you walk in the room
