

## Made to dream

Jackie Evancho

There are times I close my eyes  
and wish upon a star.  
I tell myself my fairytale's  
not far, not far.

I close my eyes  
and look deep inside,  
let the dreams that I have take flight.  
I lift up my head and just believe,  
knowing I was made to dream.

From now on, my life's my song  
and I write the words.  
my moment will come  
and until then, I'll hold on, I'll hold on.

I close my eyes  
and look deep inside,  
let the dreams that I have take flight.  
I lift up my head and just believe,  
knowing I was made to dream.

Made to dream,  
to live my goals,  
to be counted for, to stand,  
knowing you'll take my hand.

I'm here, I was made for this, to sing  
'Til I have no voice at all.  
'Til the dream makes me whole.

I close my eyes  
and know deep inside,  
let the dreams that I have take flight.  
I lift up my head and just believe,  
knowing I was made to dream,  
knowing I was made to dream,  
made to dream.
