Some Enchanted Evening

Jackie Evancho

Some enchanted evening, you may see a stranger You may see a stranger across a crowded room And somehow you know, you know even then That somewhere you'll see her again and again

Some enchanted evening, someone may be laughing You may hear her laughing across a crowded room And night after night, as strange as it seems The sound of her laughter will sing in your dreams

Who can explain it, who can tell you why Fools give you reasons, wise men never try

Some enchanted evening, when you find your true love When you feel her call you across a crowded room Then fly to her side and make her your own Or all through your life you may dream all alone

Once you have found her, never let her go Once you have found her, never let her go
