

Baby Slow-down

Jackie Lomax

Slow down, baby slow-down
Yes I like it, but you're movin' way too fast
Slow down, baby slow-down
If you want me, you might want this thing to last

Slow down - now baby won't you take your time
Slow down - ain't no use in straining body and mind
Slow down

Slow down, baby slow-down
Shut your mouth and give your poor old heart a chance
Slow down, baby slow-down
If you diss me, you might miss this whole romance

Slow down - now baby won't you take your time
Slow down - ain't no use in straining body and mind
Slow down

Slow down, baby slow-down
Yes, you hear me but you're missing what I say
Slow down, baby slow-down
If you rush me, you might push me far away

Now slow down - baby won't you take your time
Slow down - just ain't no use in straining body and mind
Slow down, baby slow-down
