

## Sunset

Jackie Lomax

Sunset in slow, no place to go  
Just sitting home and Im dreaming  
The shade of our love that Im thinking of  
Like the sun above, is now fading  
And I feel like Im dead  
Theres a pain here in my head  
Oh and Ive never never never felt so all alone

And now you see, now that Im free  
Dont want to be on my own  
The love that we had, now turning bad  
Is now clad in sunset  
And I feel like Im dead  
Theres a pain here in my head  
And Ive never never never felt so all alone

And I feel like Im dead  
Theres a pain in my head  
And Ive never never never felt so all alone

Well now I hear people say, well thats the way  
Happens every day, son, you aint no exception  
Well now its all right for them, theyll love again  
Theyre going to find their own direction  
But me, I feel like Im dead  
Theres a pain in my head  
And Ive never never never felt so alone  
And Ive never felt so alone
