

# Take My Word

Jackie Lomax

Take my word  
I'm the biggest fool you ever heard of any day, any day  
I drove my sweet lover far away  
And I can't love you, oh no, I can't love you

I had the kind of lover to be proud of  
Then again I had to play the field  
I never thought of anything but myself  
I never knew how bad I made her feel

Take my word  
I'm the biggest fool you ever heard of any day, any day  
I drove my sweet lover far away  
And I can't love you, oh no, I can't love you

Day after day as she was loving me  
I threw her love away  
Night after night as I was loving you  
I couldn't see the light

No, no, no

Oh take my word  
I'm the biggest fool you ever heard of any day, any day  
I drove my sweet lover far away  
And I can't love you, oh no, I can't love you

Take my word
