

## Along For The Ride

Jackpierce

When I wake up in the morning  
And she's there by my side  
Well, consciousness, it leads me  
Just along for the ride  
To the carnival she takes me  
With her hand touchin' mine  
She whispers her wishes  
And I'm feelin' just fine  
She dances in the light  
She buys me new records  
A new suit and a tie  
We eat at nice places  
And laugh at the faces that watch us walk by  
Just along for the ride  
And I find myself lovin' her  
And I wanna tell her so  
Then I see her with another man  
Comin' out of the show  
She never lied  
Just along for the ride  
When I wake up in the morning  
I feel disgust inside  
My mind's fastened on her  
But she's got another passenger, who's along for the ride  
Along for the ride  
Just along for the ride
