It's the Falling in Love

Michael Jackson

You're not like anybody I ever knew But that don't mean that I don't know where we are And though I find myself attracted to you This time I'm trying not to go too far, cause

No matter how it starts it ends the same Someone's always doing someone more Trading in the passion for that taste of pain It's only gonna happen again

[Chorus]

It's the fallin' in love that's makin' me high It's the being in love that makes me cry cry cry It's the fallin' in love that's makin' me high It's the being in love that makes me cry cry cry All night, all night

And though I'm trying not to look in your eyes Each time I do they kind of burn right through me Don't want to lay down in a bed full of lies And yet my heart is saying come and do me

[Bridge]

Now we're just a web of mystery A possibility of more to come I'd rather leave the fantasy of what might be But here I go falling again

It's the fallin' in love that's makin' me high It's the being in love that makes me cry cry cry It's the fallin' in love that's makin' me high It's the being in love that makes me cry cry cry It's the fallin' in love that's makin' me high It's the being in love that makes me cry cry cry It's the fallin' in love that's makin' me high It's the being in love that makes me cry cry cry Over you, over you (all night)

[Chorus]
