

# Lookin' Through The Windows

Michael Jackson

Lookin' through the window  
Lookin' through the window (ahhhh)  
Lookin' through the window  
Look..look..look through the window  
(ooooh ahhhh)  
Lookin' through the window

Lookin' through the windows  
The window to your heart (oh baby yeah)  
I can see its cloudy  
the rain's about to start

Lookin' through the windows (lookin' through the windows)  
it seems i've caused your fears (yea yea yea)  
and that little doubt girl (and your little doubt girl)  
and now it's bringin' tears (and its bringin' tears)

Remember...  
Just remember what ever makes you feel that way  
don't you worry 'cause i'm gonna stay  
right by your side (by your side)  
to keep on lookin' through the windows  
lookin' in you eyes  
(Ooh lookin' in your eyes, eyes, eyes)  
(Lookin, lookin' in your eyes, eyes, eyes)

Lookin' through the windows (lookin' through the windows)  
seems like the only way (yeah)  
I can know your feelings  
if you still love me today

Remember...  
Just remember what ever makes you feel that way  
dont you worry 'cause im gonna stay  
right by your side  
to keep on lookin' through the windows  
lookin' in you eyes  
(Ooh, lookin' in your eyes, eyes, eyes)  
(Lookin, lookin' in you eyes, eyes, eyes)

Lookin' through the windows  
the window to your heart

Lookin' through the windows  
the window to your heart
