

# One More Chance

Michael Jackson

Uh huh, alright  
This time I'm gonna do my best to make it right  
Can't go on without you by my side hold on  
Shelter come and rescue me out of this storm  
And out of this cold I need someone oh why oh why, why, why  
If you see her tell her this from me all I need is

One more chance at love, one more chance at love  
One more  
One more chance at love, one more chance at love  
One more  
One more chance at love, one more chance at love  
One more  
One more chance at love, one more chance at love

Searching for that one who is gonna make me whole  
Help me make these mysteries unfold hold on  
Lightning about to strike in rain only on me  
Hurt so bad sometime it's hard to breathe oh why, why  
If you see her tell her this from me all I need is

One more chance at love, one more chance at love  
One more  
One more chance at love, one more chance at love  
One more chance for love, one more chance at love  
One more chance at love  
One more  
One more chance at love, one more chance at love

And I would walk around this world to find her  
And I don't care what it takes no why  
I'd sail the seven seas to be near her  
And if you happen to see her  
See, tell her this from me

One more chance at love  
Yeah yeah  
One more chance at love  
Tell her this from me  
One more chance at love  
Yeah yeah  
One more chance at love

One more chance at love, one more chance at love  
Lovin' you  
One more chance at love  
I can't find

One more chance at love  
Lovin' you  
One more chance at love  
Yeah yeah one more  
One more chance at love

One more chance at love  
For love  
One more chance at love, one more chance at love

Yeah yeah I can't stop  
One more chance at love

One more chance at love  
Lovin' you  
One more chance at love  
One more chance at love  
I can't stop

One more chance at love  
Lovin' you  
One more chance at love  
I can't stop  
Lovin' you
