

You're My Best Friend, My Love

Michael Jackson

hen I need more than love
You are the one that I run too
When just words aren't enough
You know exactly what to do

And everytime I need someone
To turn my upside down back up
You're always there
I am so glad you care

You're my best friend, my love
My love, you're my best friend, my love
My love, you are my best friend

Hmmm Ooh

You're my warm, when it's cold
You are my sunshine when it rains
And if the rain turns to snow
We'd still be on that friendship train
Cuz if our love affair should end
I know I'll never find a friend
As great as you
Girl I'm glad it's true

You're my best friend...

(Sang with chorus)
Oh Girl they'll be no other
You're my friend and lover

Don't you know I love ya
You're my friend and lover

Ooh Ooh
Girl, there will always be someone to love ya
Someone who can love ya
Yes you are, yes

You're my friend and lover
Oh girl, they'll be no other
Ooh Ooh Ooh
And I'll be yours forever
You and me together
