## You've Got a Friend

## **Michael Jackson**

When you're down and trubled And you need some love and care And nothin', no nothin' is goin' right Just close your eyes and think of me And soon I'll be there to brighten up Yeah, even your darkest night You just call out my name And you know, wherever I am I'll come a-runnin' To see you again

[Chorus:] Winter, spring, summer or fall All you have to do is call And I'll be there, yeah I will You've got a friend

When the sky above you Grows dark and full of clouds And that old north wind He begins to blow Here's what you do baby Keep your head together And call my name out loud And soon you'll hear me Knockin' at your door Oh yes I will, yes I will You just call out my name And you know, wherever I am I'll come a-runnin' To see you again

[Chorus]

Ain't it good to know That you've got a friend People can be so cold They'll hurt you and desert you And take your soul if you let them Oh, don't let them

[Chorus:] Winter, spring, summer or fall All you have to do is call And I'll be there, yes I will

You've got a friend, yes you do You've got a friend, yes you do Right till the end, for you Ain't it good to know
