

# Trigger Happy

Jackson United

Start at the ending  
You should give up all defending  
A losing battle never ending  
The beginning of your war

There's s no backing down now  
An arrogance, you're found out  
You're frowning on your way out  
Still clinging to the door

Y'know you laugh when you talk about it  
But you're just scared  
But you don't care

I don't believe in  
The nation you're deceiving  
Hypocrisy in breeding  
Ideology assured

Just thiink for a moment  
Of the other side you torment  
Y'know human life is holy  
Cast aside

Could you pull the trigger?  
Could you pull the trigger?  
Could you pull the trigger on me?
