Can't Stop

(No I Can't Stop Loving You) (I Can't Stop Loving You) I know your somewhere inside of the city drunk and Holding someone else I feel my senses set to explode (No I Can't Stop Loving You)

Feels like my soul's just constantly marching forward Forcing onward Feels like sometimes I just don't wanna go Baby let me know Have you ever loved something so bad?

God I can't stop loving you babe Its so much blacker this pain And I start scaring myself I start to question my own mental health Can anybody feel me at all I can't stop loving you baby In this world so tired and baby Can anybody feel me at all I can't stop loving you baby In this world so tired and baby Can anybody feel me at all
