

# Dirty Little Mind

Jackyl

Dirty little mind  
Dirty little mind  
Dirty little mind  
Dirty little mind

Well I licked her clean from head to toe  
I took her down for the count  
She was ready for more  
And you know she's got a dirty little mind

The way she walks  
The way she grooves  
I have to strap her down  
To keep up with her moves  
She got a dirty little mind

She got a dirty  
(Dirty)  
A little dirty  
(Dirty)  
A dirty little mind  
A dirty little mind

Stretched out in the night  
What do I feel?  
I feel so good it just can't be real  
She got a dirty little mind

She makes me smile  
Makes me glad  
(She's B A D)  
Yeah man she's bad  
And you know she's got a dirty little mind

She got a dirty  
(Dirty)  
A little dirty  
(Dirty)  
A dirty little mind  
A dirty little mind

She's got a dirty  
(Dirty)  
I said dirty  
(Dirty)  
Dirty little mind  
A dirty little mind  
Oh yeah

And I know what she's thinking  
Yes I know what's on her mind  
You've got to know  
My body's sinking into her mind  
And I know she'll never let go  
'Coz I've got her on a stick

She's got a dirty

Dirty  
Dirty  
Dirty  
Dirty little mind  
A dirty little mind  
...
