

## Dixieland

Jackyl

Down south where the air is wet  
The red day rules and you can bet  
It makes me proud, I'll never forget  
My Dixieland

Fulton County Georgia, that's where I was born  
With a fire in my tail and a devil's horn  
Daddy never listened to my mother's scorn  
He loved to play it loud and he played it loud

Look away Dixieland  
'Cause we're a rock n' roll rebel Dixie band  
Look away Dixieland

I lost a lot of time ten years to the day  
I lost a lot of time trying to find my way  
If I make it back home, I'll be okay

With ice tea wishes and corn bread dream  
It keeps me going or so it would seem  
I keep it up, never let up steam  
I sing it loud and proud, loud and proud

Look away Dixieland  
'Cause we're a rock n' roll rebel Dixie band  
Look away Dixieland, look away Dixieland

And when the day comes around that my music's gone  
Don't leave me here and don't leave me alone  
Just take me back home with the boys in the band  
We'll start it back up in Dixieland

Look away Dixieland  
'Cause we're a rock n' roll rebel Dixie band  
Look away Dixieland, look away  
'Cause we're a rock n' roll rebel stomp our way outta hand  
So look away Dixieland, look away Dixieland, look away

Look away Dixieland
