

Like 'Em All

Jacob Latimore

She's the prettiest thing that you ever did see
You may not see her in the magazines
But I know that she gotta be made for me
Cause we fit together so perfectly

Chorus

Ohh she's the baddest yeah, yeah she's the baddest (repeats 2)

I'm so impressed cause she got it all
So beautiful I see all your flaws
I, I like em all
I, I like em all
It don't matter to me
Cause I like the way you are
I, I like em all
Yea, I like em all
It don't matter to me 'cause I like the way you are

every single one of your flaws (like em all)
It don't matter cause you got my heart
I like them all
I, I, like them all
It don't matter cause I like em all

Ain't no way I could see someone else for me
She da Juliet in my love story
Back, back, back it up
Can't no one compete
If I was a snare she's the kick to my beat

(Oh) She da baddest, yeah, yeah she da baddest (2x)

I'm so impressed cause she got it all
So beautiful, i see all your flaws

I, I like em all
I, I like em all
It don't matter to me
Cause I like the way you are
I, I like em all
Yea, I like em all
It don't matter to me 'cause I like the way you are

Every single one of your flaws (like em all)
It don't matter cause you got my heart
Ooo, I like them all
I, I like em all
It don't matter cause I like em all

She da baddest, yeah, yeah she da baddest
Oh, She da baddest, yeah, yeah she da baddest
Oh, She da baddest, yeah, yeah she da baddest
It don't matter cause I like em all
(Introduc'in', Diggy!)

Yup, I like your flaws, you are perfect the way you are

All I would change is your name to make you mine
I like your attitude, can't even get mad at you
Whether it's Malibu or Jamaica Avenue
With you it's all the same

The boutique shops
On your mark, get set, go
Now shop till you drop
