

## Third Way

### Jacobs Dream

Manipulate and fabricate  
A scheme to rule the masses  
A rotting corpse in royal gown  
Hail the throne majestic

A cancer eating at the heart of blood bought liberty  
No aggressor could prevail she's falling from within

A socialist utopia  
Equality for all  
The ruling elite exempt themselves  
From the cruel reality

Sacrificing for the goal of global unity  
Atone the sins of capitalist and racist sovereignty

The third way  
Is the reign of idiocy  
One by one  
Freedoms stripped away

The third way  
The offspring of our apathy  
Down we go  
Into the vortex of tyranny

Bleed our inspiration  
Conform at any cost  
The individual must give way to new identity

Regulate, confiscate  
Blind diversity  
Breed the worker drones to serve in numb complacency
