Jadakiss

Shine, shine, shine  
Everyday when I'm rollin' through the hood  
Playas watch me 'cos they know I  
Shine, shine, shine  
Hey! I know I'm shinin', a fresh pair of whities and a crispy T on  
Love to hate me 'cos you know I'm gonna  
Shine, shine, shine

Keep doin' what you doin'  
It's ya time and its ya shine  
I love the way you ride  
I hope you shine  
The party starts tonight  
My friends are comin' over  
I really think you fly  
Tonight's the night  
Shine, shine, shine

I shine like Neptune, Venus, and Mars in yo face in yo state  
In and out of cars, in a state, with a date with one of my broads  
But you gotta leave that bitch before she gets your dick hard  
Thats what shinin' about and when you get the hoe  
You can tear her linin' out, what you whinin about?  
You in the presence of pimpin', I'm walkin' while limpin'  
And holdin' on the drink that I'm sippin', I'm flippin' the script and

I'm slidin' while I'm dippin' my whipin', out of traffic  
Its so drastic, boombastic, this shits a hit, Jadakiss  
Matter fact nephew, this bitch is a classic

Better yet lets go for dough, hoe for hoe

Now whats the haps on the bottle cap, I want a snow bunny  
I'm Rick James bitch! I got the show money  
And I ain't hatin' for nothin', but it be so funny  
How cowards be wantin' see me with my eyes and nose runny  
I got nouns and verbs while you got pounds of curbs

And one of us got a place if we around the burbs  
I'm fittin' like a lego block, you bulls hittin' while I'm sittin'

In an 8 drop, these suckaz tell me keep it gangsta  
But they don't know, when they ain't lookin'  
I be hearin' population control  
Then I'm lookin' for a breezy with a whole lotta soul  
So I can have a malfunction in my wardrobe  
Sip! Not the Jada with the smith  
It's the Jada with the fo' 5th, clutchin' on the 5th  
With Snoop be in the front and his jewelry shinin'  
All through his clothes and lil niggaz in the back on the low  
But I still shine though

Success happens with timin', over here I'm doin' low with the punk  
When I'm over there I'm on the low low with my uncle  
And all the bitches lookin for us  
But I ain't lookin for puss, right now ma' I'm lookin for cush  
And I'm strapped with the pound and house shoes, Khakis, T shirts  
Thats my surroundings, air force ones, Jeans city  
Lab a fitted thats when I'm back in the town

Don't get it confused I'm proud to be gone  
Be home in a year with duffle bags out on the lawn  
So much money my niggaz keep countin' it wrong  
So many hits I cant keep count of the songs  
And we still grindin', stainless still nine  
And y'all still hate but we still shinin' lets go!
