I can't breathe when you're not with me
Say your body on fleek, but I need to see
Girl, this an odyssey
All these problems in these sheets
Girl, said you'd never leave
But I never would believe, girl

'Cause I can't breathe when you're not with me
Girl, hottest in the street, need to turn off your TV, girl
I took too many shots and they all get it now
I shot all of the cops, yeah, they ain't dealing with us
That was six o'clock but I had to call myself in, on the run
Lil' mama, she was done, she couldn't deal with the grudge
Your parents didn't mind, explain your love
Need to feel more touch, let the windows roll up
Let my niggas roll up, then we all roll up, oh

Though I fucking told ya, ooh
ERYS with the soldiers, ooh
No Land Rovers, ooh
'Bout to call Elon Musk
Going nuts in the club
Six blunts, six Got umbrellas in the cloud, ooh
In case they tryna keep up, ooh
They face looks stuck
They face fake as fuck
And my girl caked up
Wearing no make up, ooh

It's a vibe, it's a vibe, it's a vibe
Hypnotized by the moon and the sky
I just flew in from the six, no lie
Hit a swish we ain't even have to try
Man, okay, pull up to the party, put the party on a wave
And I got the posse with me, partners and the gang
Niggas said we playing but we do a lot of things
Know your boy J got a seven tier race
Diamonds too Dubai, sipping fly, same same
Get it every time and we try same-same
Teaspoon of vision make the pain go away
Got a beef with a nigga, please just say it to my face

I can't breathe when you're not with me
Say your body on fleek, but I need to see
Girl, this an odyssey
All these problems in these sheets
Girl, said you'd never leave
But I never would believe, girl

I can't breathe when you're not with me
Man, you're out this world

Label called said they want a hit, I give a fuck
Got some demons on my chest, I gotta get 'em off
Say you want no problems you not even in no pub
When it's night out you've been talking
When you wouldn't know when it's dark

We're lost, we're lost, we're lost, we're low
When I'm with you, you make me feel at home
I care about you so much more than you know
I'm calling girl, but you don't answer the phone
I'm falling girl, my life is dominoes
