

# Changing Happy

Jadon Lavik

I've always found that happiness hides  
Just around the corner just out of my reach  
And the moment its found the next that it's missing  
And I need to change my own definition la da da da, da da da da  
da  
Cause nothing's ever quite all that it seems  
And I am not convinced that anybody is ever living the dream  
And expectations kill as reality plays this show of your life  
It's a whole different scene  
Yeah, I'm changing what it means to be happy, what it means  
Yeah, back to the way I know that it should be,  
Close to you is where I need to be  
No matter how hard we push or how hard we pull  
There's just a little bit more 'til we're full  
Cause we've all tried to cover sadness and sorrow  
With temporary things that never seem to last  
Yeah, I'm changing what it means to be happy, what it means  
Yeah, back to the way I know that it should be  
So explain to me why we fill up empty with empty and at the end  
of the day  
We're confused by the longing  
change it back, change it back, change it back, oh change it ba  
ck,  
change it back, change it back, change it back, change it back,  
Yeah, I'm changing what it means to be happy, what it means  
Yeah, back to the way I know that it should be  
The way that it should be  
Yeah, I'm changing what it means to be happy  
What it means to be happy, to be happy, truly happy  
Close to you is where I need to be mm mm...  
Change it back, da da da  
Change it back
