

Let It Out

Jag Panzer

Follow me I'll take you there
To a place where no one has a care
(oh beware)
Hands of time are moving slow
Take this time to let your demons go

Let it out! Now don't you hold it in
Let it out! This time you've got to let it out

Let it out! Let it out!

Pull the fire from your soul
Release its flame and watch it take control
(you're in control)
Time is now like never before
Loose the tiger hear this beast roar!

Let it out! Now don't you hold it in
Let it out! This time you've got to let it out

Let it out! Let it out!

Raise your hands and give a shout
Let your inhibitions come screaming out
(let it out)
Take the devil by the horns
Show the devil what it means to burn

Let it out! Now don't you hold it in
Let it out! This time you've got to let it out
Let it out!
