Jagged Edge

Girl don't you know that you really got me go?  
Blow my mind all the time, now  
Think about your love  
They got nothing on you baby, you smile baby, my baby  
They got nothing on you baby, you smile baby, smile baby, my ba

Are you, are you really here? Tell me where you come from girl?  
Shorty you can't be for real, be for real, yeah  
Must be a angel sent from heaven just for me to teach me how to  
love for real  
Those other girls they told me nothing, how you make me feel, y  
eah

Girl don't you know that you really got me go?

Girl you're such a keeper, how did I deserve to get ya?  
I guess it... less for real  
Was on my knees praying, I was hurting by the love ... you rewind  
And girl you appear  
Those other girls they told me nothing, how you make me feel, y

Baby you're one in a million and I get so happy when I think ab  
out you  
When I sleep I dream about you baby  
Nothing is ... danger, you are my least ...  
I've met any ... and no one like you

Blow my mind all the time, now  
Think about your love  
They got nothing on you baby, you smile baby, smile baby, you'r
