

Can't Wait

Jagged Edge

Oh, oh
So good, oh

Not an hour baby.
Sometimes I sit all by myself
I feel like you should be here
And when I come to realize your eyes
Are callin' me near
Oh near oh near oh near oh near
(Callin' me near)
Oh near oh near oh near oh near.
And I can't go more then one night I jus' gotta see you
Girl my body jus' ain't right
Without you right here tonight

I can't wait another day
Not another day
Not an hour
One seconds to long

Girl you're love is so good (your love is so good)
I would if I could
(i would wait if I could)
Not an hour one seconds to long
(one seconds to long)

I hope I make through the night without you here
So girl don't let me down
Jus' let me whisper in you're ear

My dear its clear
I'm here have no fear
My dear its clear
I'm here have no fear
No fear

You're all I think bout can't do nothin' without
You're love in my life so girl lets get it on
I can't wait another day
Not another day
Not an hour one seconds to long
(A seconds to long)
Girl you're love is so good
(So good)
I would wait if I could
(said I would wait if I could)
Not an hour one seconds to long
(a seconds to long)

I gotta hold you
I gotta hold tight I hold on you
Gotta hold you
I gotta hold on you

If have to live on this earth w/o you
I rather die alone
Then to be without you

And if I have to live on this earth w/o you
I rather die alone
Then to be without you
(Then to be without you)

And if I have to live on this earth w/o you
I rather die alone
Then to be without you

And I if have to live on this earth w/o you
I rather die alone
Then to be without you
