Hard!
Hard!
Every single night
I've been without you girl
Is just so hard

Gotta take a flight south
Cause I know that I
was too hard
Shoulda been loving you (shoulda been loving)
I shoulda been loving you (shoulda been loving)

Girl I hate to say, but I gotta get back my name I don't really hold my chain
To have money enough to get on this plane
And come and get my love
I ain't leaving til I get my love
Can you resist my heart and my soul?

I'm saying sorry now (saying sorry now)
But I know that ain't gonna cut it
So I'm changing now (so I'm changing now)
Yes I am (yes I am)

Every single night
I've been without you girl
Is just so hard

Gotta take a flight south
Cause I know that I was too hard
Shoulda been loving you (shoulda been loving)
I shoulda been loving you (shoulda been loving)

Really heh
Oh oh oh ooh
Really heh
Oh oh oh ooh
Really heh
Oh oh oh ooh
Really heh yeah

Ain't nobody ever loved me like you
I just figured it out
Maybe it's too late for me and you
I just can't picture that
(Hope it's not too late, Not too late for us)
Sometimes I feel like
Me and you's a must

I'm saying sorry now
But I know that ain't gonna cut it
So I'm changing now (I'm changing now)
Yes I am (yes I am)

Every single night
I've been without you girl
Is just so hard

Gotta take a flight south
Cause I know that I was too hard
Shoulda been loving you (shoulda been loving)
I shoulda been loving you (shoulda been loving)

Shoulda been loving
Shoulda been loving, loving you
Shoulda been loving
Shoulda been loving, loving you
Shoulda been loving

[Ad-libs to fade]
