

# I Need A Woman

Jagged Edge

Leave me alone,  
If you're talking about the same old days!  
I didn't know, oh, no  
Cause it's not a lot in this same old phrase,  
Wish you loved me for eternity,  
Or leave right out the door!

I need a woman, I do!  
I really need a woman, it's true!  
I really need a woman, woman,  
Ain't no substitutions for a woman,  
It will make them like they used to get a whole one, I do!  
I really need a woman, it's true!  
I really need a woman, woman,  
Ain't no substitutions for a woman,  
It will make them like they used to get a whole one  
I need a woman.

I sit alone, all my days on my piano, usually solo,  
It's no one at home, but the girl said they'll be there,  
Well it's no one there no!  
Wish you loved me for eternity,  
Or leave right out the door!

They dont make 'em like they used to  
I wanna be singing this song,  
And if you got one then just hold on to,  
Everybody else want to...  
Wish you loved me for eternity,

I need a woman!  
I need a woman!  
I need a woman!
