

Tryna Be Your Man

Jagged Edge

Oh oh oh
Oh oh oh
Uh uh uh uh uh uhh
Uh uh uh uh uh uhh
Uh uh uh uh uh uhh
Uh uh uh uh uh uhh

I scooped her
In the streets, in the jeep
Looking real fresh and clean
I scooped her
Ask my peeps, she's a keeper
I keeps up with this girl

I'm not tryna be your friend
I'm tryna be your man
I'm not tryna be your friend
I'm tryna be your man

She can really really move in them little little short shorts
Tight, even your boy had to give a little
Said she wanted to hang with some real niggas
Have a little fun with my dawgs and even drink a little
She looked around quick then paused
Man her sexy face and said
"Aww, maybe we can should get a room for the night
Cuz you're just what I like and it's yours if you like, c'mon"

If you want it baby, you can get it baby
Come home with me, it's satisfaction guaranteed tonight

I scooped her
In the streets, in the jeep
Looking real fresh and clean
I scooped her
Ask my peeps, she's a keeper
I keeps up with this girl

I'm not tryna be your friend
I'm tryna be your man
I'm not tryna be your friend
I'm tryna be your man

I just wanna get a room for the night
Show you the rumors you heard, they was right
I do put it down in the bedroom love
Take you for a dip in a heart shaped tub
You on cloud 9, high like a dove
And I really really wanna give you all this love
You got the socket girl, I got the plug (you know what's up)
I met the sweetest girl, yeah yeah

If you want it baby, you can get it baby
Come home with me, it's satisfaction guaranteed tonight

I scooped her
In the streets, in the jeep

Looking real fresh and clean
I scooped her
Ask my peeps, she's a keeper
I keeps up with this girl

I'm not tryna be your friend
I'm tryna be your man
I'm not tryna be your friend
I'm tryna be your man

Just friends, baby that's cool
But I'm tryna be your man
So maybe that ain't all that cool
Come on back but, I ain't no fool
Them lips and them thighs and that little little
Don't stop when you're workin the middle middle
I can't let her go, gotta let her know
Can't be a better girl, gotta be your man

I scooped her
In the streets, in the jeep
Looking real fresh and clean
I scooped her
Ask my peeps, she's a keeper
I keeps up with this girl

I'm not tryna be your friend
I'm tryna be your man
I'm not tryna be your friend
I'm tryna be your man
