

Visions

Jagged Edge

I finally figured out
why I'm always on guard
when your around
I'm feeling so uncertain bout'
do you really want me or what I've got?
I really hopes its not
But I wonder why
If I ain't takin' you out somewhere nice
You ain't even tryna come on by and just say hi
We can stay in the house for a quiet night tonight

I'm tryna, tryna, tryna, tryna let you know baby
But I can't make it that easy
A girls gotta have a little game too
you should know its all about you

I'm havin' visions of this girl like a warning
I'm waking up like 6 in the morning
Feeling like it really ain't healthy
Does she want to be with me?
I need to know
I'm havin' visions of this girl like a warning
I'm waking up like 6 in the morning
Feeling like it really ain't healthy
Does she want to be with me?

Think I'm sweating now
Jus' tryna figure out If you're the one
Wish you'd give me a clue about what your about
Lets have it out, I'm going down
Hope You think of me
If you really don't then let it be
'cause I can't be nobody's charity
Its real love for me,entirely and completely

I'm tryna, tryna, tryna, tryna let you know baby
But I can't make it that easy
A girls gotta have a little game too
you should know its all about you

I'm havin' visions of this girl like a warning
I'm waking up like 6 in the morning
Feeling like it really ain't healthy
Does she want to be with me?
I need to know
I'm havin' visions of this girl like a warning
I'm waking up like 6 in the morning
Feeling like it really ain't healthy
Does she want to be with me?

I need to know
Having visions of this girl and
Ooh could this be my warning? Oh Having visions of this girl and I don't know
If maybe this is my warning, warning, warning, warning

I'm havin' visions of this girl like a warning

I'm waking up like 6 in the morning
Feeling like it really ain't healthy
Do she want to be with me?
I need to know
I'm havin' visions of this girl like a warning
I'm waking up like 6 in the morning
Feeling like it really ain't healthy
Does she want to be with me?
