

## What's It Like

Jagged Edge

Everyday I age, I just want my life to change  
I've been around, put away my childish things  
Like my attitude, it ain't good to be so rude  
I wanna be in love, it's my right to  
And every year I seem to make some really bad mistakes  
And I'm ready now, I don't wanna be this way  
I'm finding out, what it's all about, yeah  
I want to be in love

What's it like to be in love? That's all I really thinkin' of  
And I was just wondering, will love ever know me?  
And my heart is open and I've been hoping  
To find what it is everybody keep on talking 'bout  
What's it like to be in love? That's all a nigga thinkin' of  
And I was just wondering, will love ever know me?  
And my heart is open and I've been hoping  
Somebody show me what's it like to be in love?

My life has changed somehow but still so much the same  
Got a bank account, I'm still broken down  
I need to know where does this road go  
Hopefully someone for me  
Family, that's so much to ask thee?  
Begging please, feel like I'm going mad  
I'd trade all I have just to know

What's it like to be in love? That's all I really thinkin' of  
And I was just wondering, will love ever know me?  
'Cause my heart is open and I've been hoping  
To find what it is everybody keep on talking 'bout  
What's it like to be in love? That's all a nigga thinkin' of  
And I was just wondering, will love ever know me?  
'Cause my heart is open and I've been hoping  
Somebody show me what's it like to be in love?

I know love is something that you can't go out and buy  
When you looking always seems like it's the wrong time  
But I hope one day I'll give away this heart of mine  
Girl I think, I'm ready I wanna know love

What's it like to be in love? That's all I really thinkin' of  
And I was just wondering, will love ever know me?  
'Cause my heart is open and I've been hoping  
To find what it is everybody keep on talking 'bout  
What's it like to be in love? That's all a nigga thinkin' of  
And I was just wondering, will love ever know me?  
'Cause my heart is open and I've been hoping  
Somebody show me what's it like to be in love?

What's it like to be in love?  
What's it like to be in love?  
What's it like to be in love?
