

Whole Town Laughing

Jagged Edge

The truth about it, baby
If it were me I would've done the same thing
If it was me that caught you cheatin' in the streets
If it was me that caught you creepin' two or three times, I cried

The truth about it, baby
You was the sweetest, the sweetest lil' girl
But I've been messed up in this fake ass crazy world
And here's another song 'bout tryna get your girl back, oh

Kissing you, oh, kissing you
I loved the way our lips used to meet
I've destroyed everything
I can hear what they say and I know

The whole town's laughing at me
How the hell I messed up such a good thing?
She was your woman
You should never turn your back on your woman
They said come back around

And the whole town's laughing at me
How the hell I messed up such a good thing?
Baby, I'm sorry
I hope it's not too late to say I'm sorry
The whole town's laughing at me, me, me

Thing that drives me crazy
If it was me I would've gave you understanding
Would've gave you a two or three more chances
'Cuz it's hard to find similar romance like we have

Thoughts of you, they chase me
I can't go to bed, I see you in my dreams
My nightmare seems like I keep falling, falling
Falling, falling nobody to catch me

Kissing you, oh, kissing you
If I had it to do over again
I'd treat you like a friend
That way we'd have a bond that we can't break

The whole town's laughing at me
How the hell I messed up such a good thing?
She was your woman
You should never turn your back on your woman
They said come back around

And the whole town's laughing at me
How the hell I messed up such a good thing?
Baby, I'm sorry
I hope it's not too late to say I'm sorry
The whole town's laughing at me, me, me

That's the sound that I hear, hear, hear, hear
Should've kept you right here, here, here, here
Should've put you down, busy running around

And I hate to be the laugh of the party, oh no, no
Drawing sorrows in this crowd, crowd, crowd, crowd
Crying tears of a clown, clown, clown, clown
You know I hear them laughing at me

The whole town's laughing at me
How the hell I messed up such a good thing?
She was your woman
Never turn your back on your woman
They said come back around

And the whole town's laughing at me
How the hell I messed up such a good thing?
Baby, I'm sorry
I hope it's not too late to say I'm sorry
The whole town's laughing at me, me, me
