

Love, Need And Want You

Jaguar Wright

I love you, I love you, honey I love you I do
More than you ever know, it's for sure
You can count on me forever more

I need you, I need you, baby I
I need you right now
Say can you understand, you're my man
you're my one desire that's keeping me satisfied

Baby when we, when we're together
Say I'm alright and your alright it's like paradise
I just want you to know, how I feel, how I feel
Oh I

I want you, I want you, sugar I want you
So bad, I got this burning desire
And my souls on fire
can't you see that you're my every thing

Baby when we, when we're together
Say I'm alright and your alright it's like paradise
I just want you to know, how I feel, how I feel
Oh I

I love you, I love you, baby I love you I do
More than you ever know, it's for sure
You can count on me forever more

Love and need and want you baby

I love and need, said I love you
More than you ever know, it?
