

# All By Myself

Jah Cure

Everybody's got the answer  
Yet the question still remains, yeah,  
Do you see the difference  
Or is the problem still the same?  
All by myself, YEAH  
How many nights I had a dream about me waking up,  
Upon the other side I'll see you when we making up.  
Then I open up my eyes back to reality,  
And realize they've stripped away all my humanity.  
Nobody there to love me,  
No power from up above me.  
They were trying to say I was guilty,  
Never needed man to trust me,  
Only God can judge me.

He's the only one to have mercy,  
When I didn't think I'd live another day.  
Now I sit and reminisce on how I stood alone,  
Nothing to call my own.  
No baby girl to hold me,  
Nobody to console me.  
They tried to make me guilty  
But only God can trust me.

It ain't easy being me,  
Life as a celebrity is less than heavenly.  
I got these fakes and these backstabbers chasin' me around  
And its always drama,  
Whenever I wanna get around.  
Mama told me long before I ever came up,  
Gotta be true to what you do and keep your game up.  
'Cause things change and jealousy becomes a factor,  
Best friends at your wife's door tryna mack her.  
I'm on tour but still they keep on knocking at my door,  
And I got no time to worry I'm steady wanting more.  
Everyday is a test yes,  
I try hard but I'm struggling with every breath.  
I sit alone in my room drinking,  
(YEAH)  
Talking out loud to you,  
(YEAH)  
Wonder if you feel me  
(YEAH)  
But far away can you hear me?  
Can you hear me?

Everybody's got the answer  
Yet the question still remains, yeah,  
Do you see the difference  
Or is the problem still the same?  
All by myself, YEAH  
So many nights I had a vision of me breaking out,  
But I decided to be strong and just wait it out.  
Even though I had my ways behind the prison walls,  
I couldn't get my calling time I was away from ya'll.  
I've forgiven everybody,  
For trying to rise up against me.

They were saying they didn't believe me,  
Never needed man to trust me,  
Only God can judge me.

He's the only one to have mercy,  
When I didn't think I'd live another day.  
Now I sit and reminisce on how I stood alone,  
Nothing to call my own.  
No baby girl to hold me,  
Nobody to console me.  
They tried to make me guilty  
Only God can trust me.

Everybody's got the answer (answer)  
Yet the question still remains,  
(yet the question still remains)  
Do you see the difference (difference)  
Or is the problem still the same? (Yeah)  
All by myself, (all by myself)  
All by myself, (all on my own)  
All by myself, (nobody to call)  
All by myself, (I pray to God alone)

The race is not given to the swift,  
Or the battle to the strong.  
But time and chance happen to the morning...  
But only God can judge me.
