

Jamaica

Jah Cure

Looking for a place to have a perfect vacation,
Or even a honeymoon
I know the place to make the perfect reservation,
Come let me take you there soon, yeah

To a place called Jamaica,
Where the island is in the sun
Place called Jamaica,
If you really wanna have some fun
Place called Jamaica,
The island is in the sun
Place called Jamaica,
If you really wanna have some fun

Food is great, people is great,
One of a place, climate is great,
Down there in Jamaica
If you wanna get away just for a day,
Tell them try Jamaica

Jamaica sunshine
Jamaica sunshine
Jamaica sunshine
Oh yeah, ohh

Chillin out in the west and in Negril
I have my perfect spot to chill
Watching the sun go away
Oh what a perfect day, oh yeah
No place like Jamaica to me
but to me to go around the world
Jamaica my number one girl
Jamaica, Jamaica
Jamaica land Jamaica land we love
Jamaica sunshine
Nice everytime, nice everytime, ohh

On the evening sunset
And the warm summer breeze
Rushing in, yeah
Relax at your best
Set your mind at ease
And breathe in

Jamaica sunshine
Jamaica sunshine
Jamaica sunshine

Looking for a place to have a perfect vacation,
or even a honeymoon
let me take you there soon, yeah
