Jah Cure

Ohhh ohhh
From when, from wheeeen
Birds one feather stick together
Just like Bonnie and Clyde
Love you forever
Leave you never
Always by my side

When I'm with you,
You become the reason for life
Glad I met you
Thank Jah for the queen he provides
You become the sunshine
That turn darkness to light (to light, to liiiiightttt)

Loving like yours could never end
Searching and searching for someone like you
Longing for love and I've found it in you
