Jai Waetford

Your eyes, your smile, I cant read, what there telling me
One time, is all that I need (yeah, yeah)
Don't hide behind, those looks, that your giving me
Who knows where this might lead?

Oh, oh, oh, oh
So come a little bit, come a little bit closer
Oh,oh, Oh,oh
Cause' I just want to get to know you

I wanna get to know you better
You can tell me all your secrets
Don't hide them from me
Yeah, Yeah

I wanna get to know you better
I'm there for you whenever
You wanna get to know me?
Cause' I'm cool with that
