

# You're The Lead

Jai Waetford

Lets go away together  
Like we can do anything  
I know we're safe cause well be  
Far from it all  
I hope that when I'm with ya  
You can be yourself  
Don't change for anything  
No don't change

I'm counting the days  
Til I see ya  
And I can't wait any longer  
I can hear my heart beating  
It's getting louder

Cause in my head...  
Were like a movie playing on the big screen  
And girl you're the lead  
In my head...  
No one else missing standing right next to me  
Girl can't you see you're the lead

My faith in this is endless  
Because of how far we've come  
You've changed  
My whole perception of where I belong  
I hope that can be there  
Whenever you need me  
I won't change for anything no  
I won't change

I'm counting down the days  
Til I see ya  
And I can't wait any longer  
I can hear my heart beating  
It's getting louder

Cause in my head...  
Were like a movie playing on the big screen  
And girl you're the lead  
In my head...  
No one else missing standing right next to me  
Girl can't you see you're the lead

You make me believe in love  
Something greater above  
You made me believe in love  
Something greater above

In my head...  
Were like a movie playing on the big screen  
And girl you're the lead  
In my head...  
No one else missing standing right next to me  
Girl can't you see you're the lead  
You're the lead
